Board Name	Telangana
Medium	English
Year of Passing	2020
Percentage	95%

PROJECTS

NEXUS-HIRE - AI Powered Job Application Tracker, January 2026 - February 2026

- Designed and developed a secure multi-tenant SaaS platform for managing job applications with JWT auth and role-based access control.

Implemented Redis-backed background job queues for automated follow-ups, email reminders, and AI match analysis.

Built AI resume-to-job matching with skill scoring, caching, and actionable suggestions.

Added analytics dashboard with application trends, success rates, and skill-gap insights.

Integrated structured logging, audit trails, health monitoring, and distributed rate limiting for production readiness.

Optimized performance using Redis caching and indexed database queries.

Loan Management System, October 2025 - November 2025

- Engineered a full-stack MERN application simulating banking operations with secure authentication, role-based access, real-time EMI computation, and an intuitive admin dashboard for streamlined loan processing and approvals.

Notes App, September 2025 - September 2025

- Full-stack Notes app built with React, Node.js, Express & MongoDB. Features real-time CRUD operations, responsive design, and cloud deployment.
